### Information about the service

Here's a quick summary of the important bits about your mobile plan. It covers things like the inclusions and how much it costs each month.

This is a post-paid mobile phone service, which gives you access to our network, a mobile phone number, and let you make and receive calls, send and receive messages, and have access to mobile data.

#### Minimum Term

This plan is a month by month contract.

### What's included and excluded

**Unlimited national call value** - with your monthly plan allowance you can make unlimited standard national calls to fixed and mobile numbers, including unlimited standard SMS and photo MMS, voicemail retrieval, and calls to 1800 and 13 - 1300\* numbers.

Your unlimited included value **cannot** be used for making calls and sending SMS/MMS to international numbers, video MMS, calls to satellite numbers, usage when roaming overseas, among other assistance and special numbers. These will incur excess usage charges to your monthly bill.

Calls and SMS/MMS to premium numbers (e.g. 19xx numbers), Sensis calls or other content charges (including third party charges) are barred.

**Included data** – you will receive an allocated amount of data based on your plan every month to access the mobile data network. Usage can be monitored via our website or by dialing \*159# from your mobile handset. Usage notifications will be sent to you at 50%, 85% and 100% of your data allowance. Data cannot be used while roaming overseas.

**Data Banking** – By default all new mobile plans have the ability to roll over data to be stored in a data bank up to a total of 200GB, banked data is only used once you have exhausted your monthly included data. Data banking is only available on stand alone mobile services and cannot be transferred. For mobile fleets we have an alternative data pooling service. Banked data is forfeited in the event the mobile plan is downgraded, disconnected or changed to a plan that is incompatible with data banking.

**Included international call value** - receive unlimited calls to 15 countries. Cannot be used while roaming overseas. Included countries for landline and mobile are China, Germany, Greece, Hong Kong, India, Indonesia, Ireland, Malaysia, New Zealand, United Kingdom, Vietnam. Included countries for calls to landlines only are USA, Singapore, South Korea, Thailand.

## Information about pricing

The minimum monthly charge is listed in the service schedule and is equivalent to one month of your plan. Excess Usage charges apply if you use more than your included data, or make calls, send SMS/MMS to any of the non-included numbers, and when roaming overseas. If you wish, opting in to Zero Bill Shock will allow no excess usage charges against your monthly bill\*\*.

Your monthly charges and inclusions are metered and billed from the 28 to 27 of each month. Any plan upgrade or downgrade made on days other than the 27th of any month will be fully charged on the day of the change (current month) and on the 28th (month in advance). Please refer to billing details.
